AMERICAS AMATEUR NOVICE CHAMPIONSHIP EVENTS

Promoting and preserving the art of
West Coast Swing Dancing and its
many regional styles!

Americas' Amateur Novice Swing Dance Championship Events

Several years ago Mario Robau, Jr and Cher Peadon had a dream of creating a dance circuit that would provide an arena for our newer and less experienced dancers. The "member" events offer the Novice and Intermediate level dancers a gateway into the world of competition dancing.

What is an AANCE Tour event?

An AANCE tour event is a part of a dance circuit, whose sole purpose is to provide an arena for Novice and Intermediate level West Coast swing dancers.

We ask all teachers to encourage their students to participate by attending and competing in any of the regional events. This is a Novice Level dancers' opportunity to improve on their dance and hone their competition skills; an avenue to dance with other dancers from across the country which, too, will improve their dance.

AANCE is the only Amateur Novice swing dance tour in the Americas and we ask all regions to participate. We believe, this is the only way to assure the future of our dance.

Qualifying Categories (Each Event must hold ALL 4)

- Novice Jack & Jill
- Novice Strictly Swing
- Intermediate Jack & Jill
- Intermediate Strictly Swing

The winners from each of the categories, from each participating event, will then go head to head in one super National Championship event, held each January at the Americas' Classic Championships, in Houston, TX.

The winners of each category will then have earned the title of National Amateur Champion Dancer in the country.
